

## SCR-P18P, SCR-N18P

Description	Retro reflective
Type	SCR-P18P
Output	PNP NO
Type	SCR-N18P
Output	NPN NO
Sensing distance	2m
Operating voltage	10-30 VDC
Control output	DC:£2000mA; AC:300mA
Consumption current	DC:£15mA; AC:£10mA
DC/AC Response time	DC:£2mS
Directional angle	3°-10°
Detected object	transparent or opaque body
Working environment temperature	-25°~+55°
Intensity of illumination of working environment	Sunlight under 10000LX incandescent lamp under 3000LX
Shell material	Plastic
Protection grade	Ip66
